- Client data, source code, and proprietary business information may not be shared outside the organization without written authorization.

All new hires at AgileTech Studio undergo a probation period of 3 months from their date of joining. During this period, performance and cultural fit are formally reviewed by the employee's reporting manager in coordination with HR.

- A formal check-in is conducted at the 6-week mark to provide early feedback.
- At the end of the 3-month period, the employee is either confirmed as a permanent employee, offered a one-time extension of up to 4 additional weeks, or exited.
- Employees on probation are entitled to casual and sick leave on a pro-rated basis but are not eligible for annual leave until confirmation.

5. Termination and Resignation Notice Policy

Resignation

- Confirmed employees must provide 30 days written notice to their reporting manager and HR before their intended last working day.
