## Employee Handbook

### 1. Welcome

Welcome to AgileTech Studio. This handbook applies to all full-time employees across our Lahore (HQ), Karachi, and Islamabad offices, and is maintained by the HR department under Mehwish Aslam, HR Manager.

### 2. Working Hours

Standard working hours are 9:30 AM to 6:30 PM, Monday through Friday, with a one-hour lunch break. Engineering teams supporting active client projects (currently NovaCart and MedLink) may adopt flexible hours with their Team Lead's approval, provided at least 4 hours overlap with core hours (11:00 AM–3:00 PM).

### 3. Remote Work Policy

Employees may work remotely up to 2 days per week, subject to manager approval and project needs. Engineers on active sprint deadlines (e.g. NovaCart's Q1 release) may be asked to prioritize in-office days during critical delivery windows.

### 4. Code of Conduct

- Treat colleagues, clients, and vendors with professionalism and respect.
- Maintain confidentiality of client data, particularly for healthcare client HealthBridge Ltd. (MedLink project), which involves sensitive patient information.
- Disclose any conflicts of interest to your Head of Department.
- Report workplace concerns to HR or use the anonymous ethics line.
